Comments

“ I mostly remember Robbie as a very young child. His mother and I were classmates and good friends. My son and Robbie were just a few months apart in age and we had some great times with our babies. Eventually life sent us in different directions but I have a special place in my heart for Helen. I am sad for the difficult times Robbie had in his last few years. My hope is that he is reunited with his mother and father in a better place. My sincere sympathy to his brother Chris, Aunt Ruth and family. RIP Robbie
